

Suez Environment

As part of Article 13's United Nations Global Compact (UNGC) commitments (http://www.article13.com/csr/ungc_iip_values.asp) for 2009 to 'work against corruption in all its forms, including extortion and bribery', we have written the last of a series of five best practice cases studies on Transparency and Anti-Corruption (T & AC). The aim of the case studies are to disseminate T & AC best practice and to advocate take up, to our network of partners, clients, associates and the Article 13 visitors through the use of a well recognised organisation/ brand.

This case study focuses on Transparency and Anti-corruption aspects of Suez Environment's water operations and activities. Suez Environment is a subsidiary company of the global conglomerate GDF Suez. In 2008, Gaz de France and Suez merged to form GDF Suez. Suez Environment is one of the world's leading water companies, serving over 117 million people around the world. The case study identifies in great depth, the following:

1. The Company
2. The key drivers for change integrating T & AC.
3. Taking action
 - a. Networks
 - b. Initiatives
 - c. Compliance practices
 - d. Transparency of activities and operations
4. Challenges to transparency and anti-corruption
 - a. Climate change
 - b. Water wars & international conflict
5. Conclusion
